

JWT - Bug #1926

Crash on WCartesianChart object using a WAbstractItemModel which contains "empty values"

05/23/2013 09:31 AM - Anonymous

Status:	Closed	Start date:	05/23/2013
Priority:	Normal	Due date:	
Assignee:	Koen Deforche	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	3.3.1		
Description			
JWT 3.2.3 allow to create a WAbstractItemModel object which contain "empty values", and basing on it is possible to create the relative WCartesianChart object graph.			
Using JWT 3.3.0 if you try to create a WCartesianChart based on a WAbstractModel which contain "empty values" the application crash.			
You can see this thing by deleting one value from "Category Chart example" table: http://jwt.emweb.be/jwt-charts/charts			
Attached the stamp of the exception
