

## Wt - Bug #2082

### Long response can cause exhausting the thread pool

08/02/2013 11:12 AM - Koen Deforche

<b>Status:</b>	New	<b>Start date:</b>	08/02/2013
<b>Priority:</b>	Normal	<b>Due date:</b>

<b>Target version:</b>			
<b>Description</b>			
When a session is busy with a long request (or is stuck), then subsequent requests (i.e. retries) each will lock a thread.			
We should use something like boost::asio::strand to sequentially deal with all requests for a single session.
