

Wt - Feature #3381

client's locale is not respected in static WResource

06/25/2014 12:28 PM - Anonymous

Status:	New	Start date:	06/25/2014
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
WServer::localisedStrings translated all strings to current server's locale.			
Client's locale, if available, should be used in handleRequest() of static WResource.			

History

- Status changed from New to InProgress
- Assignee set to Koen Deforche
- Target version set to 3.3.4

I agree we should do something here to be consistent. But currently the localized strings holds state with respect to the locale, so I'm not sure we can do this easily as WServer::localizedStrings() is being shared.

#2 - 03/06/2015 01:56 PM - Koen Deforche

- Status changed from InProgress to New
- Assignee deleted (Koen Deforche)
- Target version deleted (3.3.4)
