Target version: 3.3.4	
Description	
Hi,	
the current legend implementation does not reflect the shadow setting of the WDataSeries instances. Attached is a patch which fixes this. Also added some pixel adjustments...	
Regards,	
Stefan

Hey,

Thanks. I applied your patch with some modifications: I didn't like the offsetting of the text since that looks bad when mixing series with shadow and series without shadow.

Regards,

koen
