Description			
<p>The window created by the paypal express checkout does not allow scrolling. This means that users won't be able to fill out the registration form or see their entire order if it has many items.</p> <p>I've quickly fixed this by setting popup windows to have scrollbars.</p> <p>PopupWindow.js</p> <p>line 42</p> <pre>- ",status=yes,location=yes,resizable=yes" + • ",status=yes,location=yes,resizable=yes,scrollbars=yes" +</pre> <p>I'm not sure how this will affect other parts of the code though.</p>
