

Wt - Bug #3614

WidgetGallery Dialog example does not validate input without javascript

10/01/2014 05:30 PM - Bruce Toll

Status:	Closed	Start date:	10/01/2014
Priority:	Low	Due date:	
Assignee:	Koen Deforche	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	3.3.4		
Description			
<p>With the github (3.3.3-19-gad17d0b) version of Wt, the first WidgetGallery Dialog example (accessed through the "Jump" button) cannot be validated without Javascript because its OK button is initially disabled - and will not become enabled without Javascript. NOTE: This issue cannot be observed without first addressing issue #3613.</p> <p>Attached is a patch that leaves the OK button enabled if Javascript is not available. NOTE: The dialog will not close if the input field does not validate, but there is no other user feedback.</p>			

History

#1 - 10/10/2014 06:06 PM - Koen Deforche

- Status changed from New to InProgress
- Assignee set to Koen Deforche
- Target version set to 3.3.4

#2 - 04/12/2015 07:05 PM - Bruce Toll

It looks like this issue was fixed a while back, so this report can be closed at your convenience. Thanks!

#3 - 04/12/2015 09:21 PM - Koen Deforche

- Status changed from InProgress to Resolved

#4 - 04/12/2015 09:22 PM - Koen Deforche

- Status changed from Resolved to Closed
