Description			
Hi			
I used Wt 3.3.4 (latest version, downloaded 24/06/2015).			
Previously to this version i sent a issue about not close able tabs			
on WTabWidget (i am using MAC OSX 10.9.5) when using			
myTab->setCloseable(true);			
This issues is still existing on the latest version of Wt 3.3.4			
Is there any plan to cope with this enoying problem ?			
Thanks in advance.			
Denis
