

Wt - Feature #4904

Get Browser Window Size

05/10/2016 12:46 AM - Christian Meyer

Status:	New	Start date:	05/10/2016
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
Like the functions WEnvironment::screenWidth()/Height() it would be nice to know not just the entire screen Resolution but also the actual available space in the browser.
