example:

```
Wt::Payment::OrderItem my_item;
```

```
my_item.setName("Item Name");
```

```
my_item.setDescription("This is item description"); // does not work
```

```
my_item.setNumber("1");
```

```
my_item.setQuantity(1);
```

```
my_item.setUnitCost(Wt::Payment::Money(1, 0, "USD"));
```
