

## Wt - Support #5766

### Possible failure in WDialog::setMaximumSize documentation

06/14/2017 04:37 PM - Marco Kinski

<b>Status:</b> New	<b>Start date:</b> 06/14/2017
<b>Priority:</b> Low	<b>Due date:</b>
<b>Assignee:</b>	<b>% Done:</b> 0%
<b>Category:</b>	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b>	
<b>Description</b>	
Is "A WLength::Percentage size should not be used, as this is (in virtually all cases) undefined behaviour." ( <a href="https://www.webtoolkit.eu/wt/doc/reference/html/classWt_1_1WDialog.html#ac55f7dd6e3b22487b83b4d62f9ff8558">https://www.webtoolkit.eu/wt/doc/reference/html/classWt_1_1WDialog.html#ac55f7dd6e3b22487b83b4d62f9ff8558</a> ) still true? <a href="#">#4791</a> seems to enable this.	

### History

#### #1 - 07/12/2017 05:00 PM - Roel Standaert

It seems to me that if the maximum size is set to a high percentage (I tested it at 90% in a full screened browser), and you try to make the dialog larger than that, it gets buggy.
