

## Wt - Bug #9088

### Http::Message copy assignment missing

09/22/2021 11:10 AM - Emeric Poupon

<b>Status:</b>	New	<b>Start date:</b>	09/22/2021

<b>Description</b>			
Hello,			
Spotted when storing Wt::Http::Message in structs and copying these structs:			
warning: implicitly-declared 'Wt::Http::Message& Wt::Http::Message::operator=(const Wt::Http::Message&)' is deprecated [-Wdeprecated-copy]			
note: because 'Wt::Http::Message' has user-provided 'Wt::Http::Message::Message(const Wt::Http::Message&)'			
We would need to define a copy assignment in Message to fix this (not sure of the side effect of this constructor anyway)
