

JWT - Bug #9606

wt-port: dynamic pointer cast is incorrectly translated

01/11/2022 01:37 PM - Raf Pauwels

Status: Closed	Start date: 01/11/2022
Priority: Normal	Due date:
Assignee:	% Done: 100%
Category:	Estimated time: 0.00 hour
Target version: 4.6.2	
Description dynamic_pointer_cast is translated to a Java cast, but unlike the C++ implementation, this will throw in case it fails. The call should be guarded by an instanceof test. Used e.g. in WMenuItem.renderSelected().
